

GUIDELINES FOR REGIONS

TEXAS HIGH SCHOOL RODEO ASSOCIATION, INC.

PURPOSE:

The purpose of these guidelines/rules is to supplement and/or clarify the NHSRA rule book and the Constitution and By-Laws of the THSRA. Because THSRA is not structured exactly as the national organization, there are areas which are not specifically covered in the NHSRA Rule book or the THSRA Constitution. Additionally, the THSRA State Board of Directors, over a period of several years, have adopted rules for the Regions which enables them to function on a similar basis, thus attaining a measure of common ground among the Regions.

Members should always keep in mind that the FIRST AUTHORITY for THSRA is the NHSRA Rule book. Substituting the word "Region" for the word "State-Providence" will usually enable one to easily apply the NHSRA Rule book to a Region situation. The SECOND AUTHORITY is the THSRA State Constitution and By-Laws. Region officers and directors are especially encouraged to become familiar with this document. The THIRD AUTHORITY should be this set of Guidelines/ Rules.

REGIONAL ORGANIZATION:

1. Officers of each region shall consist of: President, Vice-President and Secretary/Treasurer and a minimum of at least five (5) directors elected by the general membership of said region.
2. It is suggested that the annual election of officers be held at the last region rodeo prior to the state finals or by a mail-in ballot, thus enabling as many members as possible to participate in the election process. Region officers should be elected, not appointed. Vacancies should be filled by a general membership election.
3. Term of office shall be for one (1) year for all regional officers.
4. Each officer shall be eligible to succeed himself/herself in office by election.
5. **Student contestant members** and **ADULT MEMBERS** are eligible to vote in Region elections **as long as said dues are paid prior to an election.**
6. Region Secretary and the three State Directors **MUST BE BONDED** prior to August 31st for the following contesting year (Aug. 1 - July 31), said fee to be submitted to the State Office.
7. State Directors, at their Regional Rodeo(s), are the designated representatives of the National Director. It shall be their responsibility to see that the NHSRA Rule book is followed and to address any problems that might arise.
8. The Executive Board of each Region shall consist of the elected officers, three State Directors and the Past President.
9. The Region Secretary/Treasurer shall collect, receive and disburse ALL funds. This includes any and all monies paid as jackpot or prizes at Region Rodeos.

10. The Region Secretary/Treasurer shall submit a yearly financial statement by August 31st to cover the period August 1st to July 31st of the previous "rodeo" year. Failure to submit said information by the August 31st deadline shall result in the offending region being fined One Hundred (\$100.00) Dollars. Within five (5) days of being assessed, notice of said fine will be given, in writing, to the Region President and the three State Directors of said region. Additional fine of One Hundred (\$100.00) Dollars shall be assessed for each thirty (30) days said financial statement is not remitted to the State Office. Any fines must be paid and said financial statement remitted to the State Office in order for contestants from that Region to compete in the State Finals Rodeo.

TRANSFERS

1. Once a student has ENTERED in a rodeo in a given Region, that student CANNOT transfer to another Region unless he/she is released from said region and accepted by the region he/she is wanting to transfer into. The transfer form must be signed by both Region Secretaries and contestant wanting to transfer before contestant will be eligible to enter a regional rodeo.
2. Student contestants MAY NOT transfer points from one Region to another in the event his/her family moves to another Region.
3. When a transfer is made, the transfer is permanent, unless the member should physically move to another region, or if the member wanted to join another region at the beginning of the next rodeo year.

GRADES/ELIGIBILITY

1. In order to participate in THSRA approved qualifying rodeos, students must have passing grades in at least 70% of the classes taken, or met the state activity requirement of the state they are members in. **ALL STUDENTS** will turn in grades to region secretaries at the beginning of the year and at the end of the **FIRST SEMESTER**. If a student does not meet grade requirements, he/she must miss the next two (2) rodeos in their region after the failing report card is received. When official verification that grades have been improved to meet NHSRA minimum requirements is received by the region secretary, student will be eligible to compete at the next qualifying rodeo. All official THSRA/Region rodeo entry forms must have certification of eligibility signed and dated by a school official as stated in the NHSRA Rule Book (Pg 28). All THSRA members, including ones in home school, must attend an academically accredited high school. And, in the case of members in a home school program, their work and tests must be returned to the accredited home school from which curriculum was purchased for grading, with an official computer generated report card or progress report being issued by the accredited home school.
2. **SECOND SEMESTER GRADES ONLY** will be considered for eligibility of contestants to participate in the THSRA State Finals Rodeo. Students that take a multi-hour course but receive only ONE GRADE on the grade report form, will be considered taking ONE subject for that course.
3. Summer school will be treated as a semester.

TEAM ROPING

1. Points earned will belong to the contestant (Event and All-Around).

2. As voted on by the State Board of Directors, in order for a contestant's points to count in the team roping, he/she must rope with another member of the same region.
3. As voted on by the State Board of Directors, draw partners are not allowed for any reason. If a team roper is left without a partner, he/she can pick up someone to rope with as long as that person is not already entered in the team roping and is already entered in the particular rodeo in question.
4. As voted on by the State Board of Directors, the top 10 headers and heelers from each region are the ropers that qualify for the State Finals Rodeo. Points coming into State Finals will be determined by how said headers and heelers partner up after the last region rodeo. The top 10 headers and top 10 heelers pair up to enter the state finals. The season points for the header and the season points for the heeler are added together to determine the region rankings for points. The entering teams are assigned region points for the state finals from 10 points down to 1 point.
5. After qualifying, if for any reason, his/her partner cannot attend the State Finals Rodeo, he/she may pick up a new partner of his/her choice, provided the new partner has roped in the Region's team roping event during the qualifying year.
